GROOMING INDUSTRY-READY TALENT

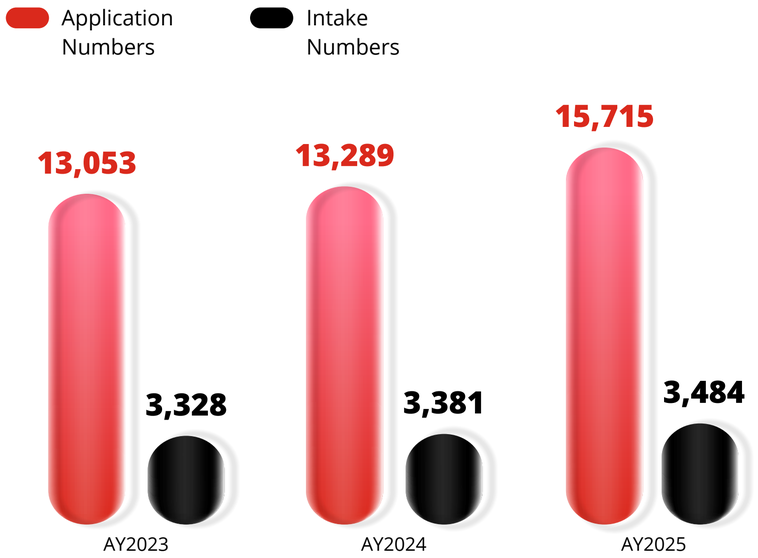

As Singapore's University for Industry, we work closely with industry partners to develop talent for the economy, support lifelong learning through flexible pathways, and drive innovation. This distinctive approach continues to attract strong interest, reflected in healthy growth in both undergraduate and postgraduate intakes for AY2025.

Undergraduate Admissions

SIT strengthened its position as Singapore's third-largest Autonomous University by full-time undergraduate intake. The AY2025 admissions exercise attracted a record 15,715 applications, with 3,484 students admitted.

Notably, 94.9% secured a place in their first or second-choice programmes, reflecting strong alignment between SIT's offerings and student aspirations.

Undergraduate Admissions Numbers (AY2023-AY2025)

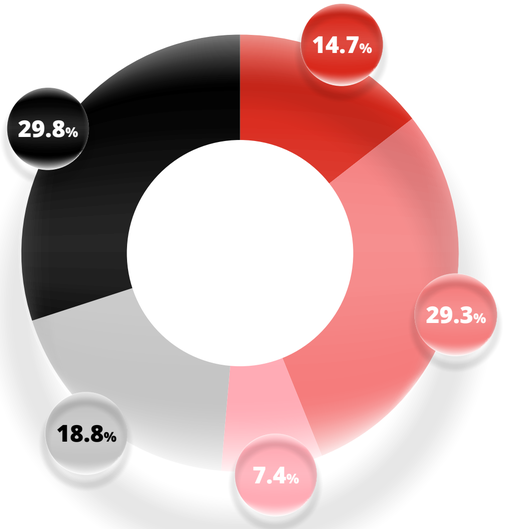

Application Numbers **15,715**

Intake Numbers **3,484**

- Including **323** adult learners and **134** international students
- **94.9%** of undergraduates admitted to their first- or second-choice programmes

Academic cluster intake

Total **3,484** Students

- **513** Students — Business, Communication and Design
- **259** Students — Food, Chemical and Biotechnology
- **1,038** Students — Infocomm Technology
- **1,021** Students — Engineering
- **653** Students — Health and Social Sciences

Top 3 largest programmes by intake:

1. ICT (Information Security)
2. Accountancy
3. Physiotherapy

Postgraduate Admissions

36 students for the Master of Science in Electrical and Electronic Engineering*

33 students for the Master of Health Sciences*

Industrial Doctorate And Industrial Master's Programmes

82 enrolments into Industrial Doctorate and Master's Programmes*

- **8** MClinRes
- **6** DClinRes
- **19** MEng
- **49** DEng

* All data are as of 29 September 2025.

Student Population

11,571* Undergraduate Programmes

82 Post-Graduate Research Programmes

196 Post-Graduate Coursework Programmes

* Includes 339 learners pursuing the Competency-based Stackable Micro-credential (CSM) pathway in the following programmes:

i) Bachelor of Science with Honours in Applied Computing
ii) Bachelor of Engineering with Honours in Electrical and Electronic Engineering
iii) Bachelor of Engineering with Honours in Infrastructure and Systems Engineering

Pioneering Innovations in Applied Learning

We connect academia and industry through strong partnerships that shape our curriculum. We translate industry insight into programmes that close skills gaps and prepare students for real-world challenges through authentic, purposeful experiences.

Launch of New Programme

Pre-employment Training (PET):

SIT-conferred 4-year Bachelor of Engineering in Civil Engineering

- Prepares students for Singapore's evolving Built Environment sector through applied learning, industry immersion, and a strong focus on digitalisation, automation and sustainability.

Bridging Learning to Career

SIT equips SITizens with the skills and confidence to enter the workplace. From work attachments to one-on-one career coaching, we build the mindsets, skills, and professional networks students need to navigate an evolving job market.

Integrated Work Study Programme (IWSP)

In 2025, close to 1,000 industry partners offered more than 7,800 Integrated Work Study Programme (IWSP) work attachment opportunities, supporting about 2,500 students. This means more than 3 opportunities per student, reflecting strong demand for SIT talent.

Career Nexus

In its 11th run, SIT's flagship networking event drew nearly 2,400 students and alumni, with around 200 industry partners. The event helped SITizens pursuing IWSP placements and full-time roles, while giving the wider SIT community a platform to connect with industry partners and find new collaboration opportunities.

Industry Mentorship Programme (IMP)

The 9th run of the IMP saw a growth in the number of mentees, with participants coming from 29 degree programmes:

84 participating mentors

148 SITizen mentees

More than **700** SITizen mentees have benefitted from the IMP since 2018

SITizens Go Global

SIT continued to strengthen its global learning ecosystem in FY2025, giving students access to high-quality overseas academic experiences and diverse perspectives. Through partnerships with leading universities worldwide, SIT students can extend their learning beyond the classroom, develop cross-cultural competencies and gain the confidence to contribute in an increasingly interconnected world.

Key achievements

- **Expanded access to global learning:** More than 1,800 SIT students had access to international learning opportunities through overseas programmes and academic engagements.
- **Strengthened global partnerships:** Established a network of more than 30 leading university partners worldwide, including the University of Turku in Finland, Tallinn University of Technology in Estonia, and Shanghai Jiao Tong University in China.
- **Recognised overseas learning:** Students can earn up to six academic credits through selected overseas programmes, allowing them to integrate global learning experiences into their academic journey.
- **Developed future-ready graduates:** Overseas learning experiences enabled students to broaden their global perspectives, strengthen cross-cultural competencies, and apply their knowledge in diverse international contexts.

SIT undergraduates visited a farm to learn honeycomb harvesting techniques from a beekeeper during the "Farm to Fork" Overseas Immersion Programme.

SIT Food Technology undergraduates perform food analytics experiments alongside professors from the University of New South Wales, as part of the Overseas Immersion Programme.

Life as a SITizen

FY2025 was a year of vibrant student life at SIT — full of energy, celebration, and impact.

Signature Moments

- More than **3,200** Freshmen welcomed into the SIT community during First Year Experience 2025.
- Over **1,320** Students contributed to 28 community service and engagement initiatives, making a positive impact on more than 1,600 beneficiaries.
- **120** Student Volunteers (Team OTi) supported 26 major events, fostering a vibrant campus and community spirit.
- **1,010** Students and staff engaged in campus safety and wellness advocacy.
- More than **920** Student Leaders served the SIT community and beyond. Through their hands-on leadership roles, they developed core competencies under the Industry Ready Skills Framework (IRSF), strengthening their personal growth and equipping them with transferable skills for their future careers.
- IRSF expanded its Outside Curriculum Activities (OCA) offerings in 2025. **7** new divisions/clusters were onboarded, and **31** new activities were introduced for students. Together, these created an additional **192** Outside Curriculum Transferable Skills (OCTS) opportunities.
- In celebration of Singapore's 60th anniversary, the Office of SITizen Experience spearheaded 28 SG60 initiatives across the arts, sports, and community service, engaging over **2,000** students and **1,000** community members, in collaboration with more than 30 external partners.
- SITizen Appreciation Night brought together over **700** SITizens and staff to recognise the dedication and contributions of student leaders, student organisations, performing arts groups, and varsity sports teams under the purview of Office of SITizen Experience (OSE). **32** awards were presented to **231** students for their achievements and meaningful impact to the community.

Freshmen and beneficiaries at Helix 2025.

The Future Ready Leadership Programme (FRLP) is a specialised training framework run by the Office of SITizen Experience.

SITizens and OTi at the Student Leaders Appreciation Night 2025.

SITizen Achievements

- **60** Medals clinched by over **560** SIT student-athletes across the SEA Games, Singapore University Games (SUniG), Institute-Varsity-Polytechnic (IVP) Games, World University Championships, and Asia Pacific University Championships.
- More than **450** student performers brought joy, vibrancy and meaningful community engagement through over **100** performances, reaching more than **10,000** community members.
- The Inter-Cluster Games were held for the first time at SIT Punggol Campus, with over **400** students, alumni and staff participants.
- **67** performers across **6** performing arts groups participated in the SIT Punggol Campus Official Opening Ceremony, an opportunity for students to be part of a milestone occasion for the SIT community.

Our Graduates, Our Pride

Graduates consistently show their value to industry, securing high employment rates and competitive starting salaries despite a cautious hiring climate. The Graduate Employment Survey for the Class of 2025 found that:

- **9** in **10** SIT graduates were employed within six months of graduation
- More than **8** in **10** secured full-time or part-time employment
- Median Gross Monthly Salary: **$4,230**
- Diagnostic Radiography, Dietetics and Nutrition, Occupational Therapy, Physiotherapy, and Speech & Language Therapy graduates achieved 100% overall employment within six months after graduation

Our Class of 2025 saw over 2,900 graduates, including pioneer cohorts of the following programmes:

- Doctor of Clinical Research in Health Sciences
- Master of Health Sciences
- Bachelor of Engineering with Honours in Naval Architecture and Marine Engineering
- Bachelor of Engineering with Honours in Robotics Systems
- Bachelor of Science with Honours in Applied Artificial Intelligence
- Bachelor of Science with Honours in Applied Computing (Fintech specialisation)
- Bachelor of Science with Honours in Digital Supply Chain

SIT Photo: Keng Photography

SIT marked a significant milestone with its first Convocation ceremonies at its new Punggol Campus. The University also launched **Design Your Futures (DYF)**, an initiative that empowers students and alumni to chart purposeful career and life paths. Additionally, SIT extended career coaching services to alumni, reaffirming its commitment to supporting the community at every stage of their careers.

> Our graduates are entering a world where agility and resilience are critical. With DYF and extended career coaching for alumni, we aim to equip them with the confidence, skills and networks to adapt and thrive in a rapidly evolving future. Echoing our 'Once a SITizen, Always a SITizen' ethos, SIT reaffirms our commitment as a lifelong career partner, journeying with and walking alongside SITizens at every stage of their careers."
>

> President of SIT

Once a SITizen, Always a SITizen

24,611
SIT alumni as of October 2025

3,135
SIT alumni participated in 83 events as of March 2026

SITizen Day

The inaugural SITizen Day, which included SIT's first Convocation in Punggol Campus, concluded successfully, uniting students, alumni, staff, and the wider community in celebration. With games, a food bazaar, a flea market, and an outdoor concert drawing over 1,000 participants, the event was both a community festival and a university occasion, capturing the spirit of belonging that defines the SIT experience.

SIT Mentoring Insights

More than 200 student mentees and alumni mentors gathered for SIT Mentoring Insights, celebrating mentorship and recognising long-serving mentors. The event featured industry and alumni speakers for breakout sessions, career development booths, and speed networking to strengthen mentor-mentee connections.

Empowering our Educators

As a pioneer of applied learning in Singapore's university landscape, SIT celebrated the educators who drove its success by bringing together academics, practitioners, and industry experts to share insights, foster collaboration, and advance applied learning.

- SIT University Awards
  - Continuing the tradition from previous years, the 2025 edition marked a significant milestone by introducing the **15-year** Service Appreciation Awards for the very first time.
  - This year, a total of **148** awards were presented to celebrate excellence and dedication across the following categories:
    - Teaching Excellence Awards: Recognised **18** academic staff members for their exceptional contributions and commitment to teaching excellence.
    - Student Developer Awards: Honoured **8** non-academic colleagues who had significantly enhanced and enriched student learning experiences.
    - Applied Research Excellence Award: Awarded to 1 team (comprising 2 recipients) whose outstanding work had substantially advanced our applied research objectives.
    - SIT Fellowship Awards: Conferred upon **6** recipients to recognise exceptional academic staff for their impactful contributions to education and research.
    - Service Appreciation Awards: Commemorated long-standing dedication and loyalty to SIT, presented to:

69 recipients for the 5-year milestone

42 recipients for the 10-year milestone

4 recipients for the inaugural 15-year milestone

Developing Leadership

In FY2025, SIT strengthened leadership capabilities through Learning Fiesta, its flagship learning event, and Leadership Forums and Dialogues. A second cohort of leaders also participated in the 360 Feedback initiative to support their leadership development.

Strengthening Organisational Resilience

SIT expanded well-being and psychological safety initiatives to foster a supportive and resilient workplace culture. As at 31 March 2026, 119 leaders had participated in Psychological Safety Workshops, which achieved an average evaluation score of 4.17 out of 5.

Advancing Learning and Development

Learning participation was concentrated in knowledge and skill development (61%), followed by digital competencies (26%) and SIT culture and values (9%). LinkedIn Learning course completions also grew by 117%, driven by targeted learning pathways and stronger outreach efforts.

AI continued to be the buzzword at Learning Fiesta 2025.
