UNDERGRADUATE STUDENTS

Programme Fees for students admitted in Academic Year 2020/2021

SIT will freeze tuition fee increases for Singapore Citizens admitted to government-subsidised undergraduate programmes in AY2020. This will help mitigate the impact of costs to Singaporean households during these challenging times.

For the AY2020 undergraduate intake, Singaporean students will pay the AY2019 tuition fees for the duration of their course. For BEng/BEng (Hons) and BSc/BSc (Hons) programmes offered by SIT, the fees for Singapore Citizens are reduced to \$7,500 per annum in AY2020, as announced in 2019.

The freeze in tuition fee increases for AY2020 does not apply to fees payable by Singapore Permanent Resident (PR) and international students (IS).
