Introduction

Applicants who hold a diploma from one of the five local Polytechnics:

- Nanyang Polytechnic (NYP)
- Ngee Ann Polytechnic (NP)
- Republic Polytechnic (RP)
- Singapore Polytechnic (SP)
- Temasek Polytechnic (TP)

are welcome to apply for the listed degree programmes subject to meeting the stipulated entry requirements.

Note:

Credit transfers and duration of studies will be reviewed on a case-by-case basis.

Students who have relevant post-secondary qualifications may complete DigiPen's degree programmes within seven semesters. To be eligible for the abridged programme, students must successfully satisfy the following criteria:

1. The course(s) being evaluated must be taken at a bona fide, legitimate institution recognised and approved by a regulatory authority that oversees the educational system in the country where the institution is located. These courses must appear on official transcripts from the institution. The final decision regarding the transfer credits remains at DigiPen's discretion.
2. The course(s) must be comparable in academic quality to DigiPen courses including the number of credits or contact hours. Application will be denied for courses not meeting this standard.
3. Transfer credit will be considered for courses in which the grade of "B -" or better is recorded. "Credit" or "Pass" grades will not be accepted for transfer credit.
4. Course(s) transferred to a student's major may also require a validation examination in order to be accepted.

Actual number of credits may vary from one student to another depending on the individual course work completed. Any course(s) not transferred must be completed within the duration of the programme.
