

SCCCF Scholarship Established at SIT

Prestigious scholarship made possible by the Singapore Chinese Chamber of Commerce Foundation will give recipients the special opportunity to forge ties within the industry

The Mid-Autumn Festival brought with it good tidings for the Singapore Institute of Technology (SIT) as it continues to receive growing support from the community. Supporting SIT for the first time is the Singapore Chinese Chamber of Commerce Foundation (SCCCF), which has made an endowed gift of \$1.2 million to make possible the SCCCf Scholarship at SIT.

The Scholarship was announced at the Singapore Chinese Chamber of Commerce & Industry (SCCCI)'s Mid-Autumn Festival Celebrations and University Scholarship Endowment Fund Inauguration Ceremony. Prof Tan Thiam Soon, President, SIT, and Mr Wu Hsioh Kwang, Vice-Chairman, SCCCf, signed the agreement at the ceremony.

Applicable to undergraduates from SIT-conferred degree programmes (including joint-degree programmes), this Scholarship is awarded to candidates who have excelled academically as well as in their contributions to SIT or the community. The SCCCf Scholarship is valued at \$15,000 annually and is tenable for three years, provided that the academic performance of the recipient is sustained. Thanks

Prof Tan Thiam Soon, President, SIT (left), and Mr Wu Hsioh Kwang, Vice-Chairman, Singapore Chinese Chamber of Commerce Foundation.

to SCCCf's endowed gift, two selected SIT students will benefit from this Scholarship annually, and in perpetuity.

Scholarship recipients will also receive membership to the SCCCI that allows them to take part in events organised by the Chamber, giving them the special opportunity to network with and learn from some of Singapore's best entrepreneurs – an opportunity that will prove invaluable, as these young SITizens learn to become future leaders in the industry.

Established in 1906, SCCCI is a renowned business organisation and has a membership network comprising 4,000 corporate members and over 150 trade association members, representing more than 40,000 companies.
