

## Special Medical Conditions

Singapore Institute of Technology (SIT) adopts an inclusive and fair approach in assessing applicants without denying an opportunity to an applicant due to his/her medical condition. Applicants are encouraged to disclose any condition to the University at the onset, to help ensure that any necessary adjustment can be planned to support their education. At the point of application, applicants will be prompted to answer this question, “*Have you had or do you have any communicable disease, mental illness, colour blindness, dyslexia, and/or disability (including but not limited to chronic illness, visual or other physical constraints or limitations), which may or may not cause you to require special assistance or facilities while studying the programme at SIT?*”

### Special Needs/Disability Information:

- Intellectual Disability
- Hearing Disability (Eg. High-frequency hearing loss, use of hearing aids)
- Learning Disability (Eg. Dyslexia, Dyscalculia, auditory)
- Mental Disability (Eg. Depression, Anxiety Disorder, Bipolar Disorder)
- Physical Disability (Eg. Use of wheelchair, other assistive device)
- Visual Disability (Eg. Colour Blindness)
- Attention Deficit/Hyperactivity Disorder (ADHD)
- Autistic Spectrum Disorder/Asperger Syndrome
- Speech Disorder
- Others

### Medical Conditions:

Epilepsy, High-frequency hearing loss	Applicants with this medical condition are strongly advised not to take up engineering programmes.
Colour Vision Deficiency (complete/partial)	Applicants may not be eligible for certain programmes if they are unable to correctly identify: <ul style="list-style-type: none"> <li>• Red and green wires</li> <li>• Dosage in different shades of red colour</li> </ul>
Tuberculosis	Applicants will need to be affirmed by any registered general practitioner that they are no longer contagious.
Medical condition or allergy to certain vaccinations required by the programme	Applicants who are unable to clear the medical requirements may not be allowed to enrolled into the offered programme.
Other medical conditions	Applicants are required to provide supporting medical documents so that necessary arrangement can be planned to render due assistance to them.

During the interview period, applicants are required to inform the Programme Director or interviewing faculties on the special educational needs or medical condition.

## Pre-enrolment Medical Examination

All admitted students are required to undergo a pre-enrolment medical examination prior to the commencement of their studies at SIT and should be certified physically and mentally fit for the programme by the examining medical doctor. Students with any of the following medical conditions should inform their doctor accordingly during the pre-enrolment medical examination. Students who do not satisfy the below requirements may not be eligible to pursue the course of study and should be prepared to make alternative educational plans. Students with special educational needs or medical conditions are required to provide supporting documents regarding their special needs/disability to the Registrar's Office so that necessary arrangements can be planned for them.

### Mandatory screening required for ALL programmes:

- Cardiovascular
- Visual Acuity
- Urinalysis
- X-Ray
- Gastro-intestinal
- Eyes(other than myopia)
- Neurological
- Respiratory
- Psychiatric
- Musculoskeletal

### Additional Mandatory Screening/Immunisation Records/ Additional Forms for the following selected programmes:

For more details, please refer to this [link](#).

Programmes	Screening/Immunisation/special tests required			Additional Mandatory Screening											
	Hepatitis A <sup>^</sup>	Hepatitis B <sup>^</sup>	Hepatitis C <sup>^</sup>	Mumps, Measles & Rubella (MMR) <sup>@</sup>	Methicillin-resistant Staphylococcus Aureus (MRSA) <sup>^</sup>	Pertussis <sup>^</sup>	Poliomyelitis <sup>^</sup>	Tuberculosis <sup>^</sup>	Varicella (Chicken Pox) <sup>@</sup>	HIV <sup>^</sup>	Full Blood Count tests <sup>^</sup>	Colour Vision	Hearing Test	Application For Registration as a Radiation Worker	TCD-RT Infection Disease Screening pdf
<b>TCD Degrees (1-Year Degree Programme)</b>															
Bachelor in Science (Occupational Therapy)	Yes	Yes	Yes	Yes	Yes			Yes	Yes						
Bachelor in Science (Physiotherapy)		Yes	Yes	Yes	Yes			Yes	Yes						
Bachelor in Science (Radiation Therapy) <sup>^</sup>		Yes	Yes	Yes	Yes			Yes	Yes			Yes			Yes
<b>SIT-TCD Joint Degree (1-Year Degree Programme)</b>															
Bachelor in Science (Diagnostic Radiography)		Yes	Yes	Yes	Yes			Yes	Yes			Yes			
<b>SIT-TCD Joint Degree (4-Year Degree Programme)</b>															
Honours Degree in Bachelor of Science in Physiotherapy		Yes	Yes	Yes		Yes	Yes	Yes	Yes						
<b>SIT Degrees (4-Year Degree Programme)</b>															
Bachelor of Science with Honours in Occupational Therapy	Yes	Yes	Yes	Yes		Yes	Yes	Yes	Yes						
Bachelor of Science with Honours in Diagnostic Radiography	Yes	Yes	Yes	Yes		Yes	Yes	Yes	Yes		Yes	Yes		Yes	
Bachelor of Science with Honours in Radiation Therapy	Yes	Yes	Yes	Yes		Yes	Yes	Yes	Yes		Yes	Yes		Yes	
Bachelor of Science (Honours) in Dietetics and Nutrition	Yes	Yes	Yes	Yes		Yes	Yes	Yes	Yes						
Bachelor of Engineering with Honours in Aircraft Systems Engineering												Yes	Yes		
<b>SIT-UofG Joint Degree</b>															
Bachelor of Science with Honours in Nursing		Yes	Yes	Yes		Yes	Yes	Yes	Yes	Yes					
<b>CIA Degree</b>															
Bachelor of Business Administration in Food Business Management (Baking and Pastry Arts)		Yes	Yes												
Bachelor of Business Administration in Food Business Management (Culinary Arts)		Yes	Yes												

<sup>^</sup>Students to proceed with the screening for immunity or infection

<sup>+</sup>Students to produce the immunisation records for immunity, else to proceed with the vaccination.

<sup>@</sup>Student to produce the immunisation records of previous vaccinations (min 2 doses) as proof of immunity OR to proceed with the screening for immunity.

## Medical Examination for Issuance of Student's Pass (International Students Only)

In addition to passing the SIT medical examination, it is compulsory for international students who have gained admission to complete the [ICA Medical Examination Report](#) for the issuance of Student's Pass. The ICA medical examination report must be submitted to the Immigration & Checkpoints Authority (ICA) upon the collection of the Student Pass.

The original copy of the laboratory report for **HIV** and the **X-ray** report must be attached to the medical report only if the medical examination and testing is carried out overseas. At the time of submission, the laboratory reports must not be more than 3 months from the date of issue. Please refer to [ICA website](#) for more information.
